

Logistics Support Services

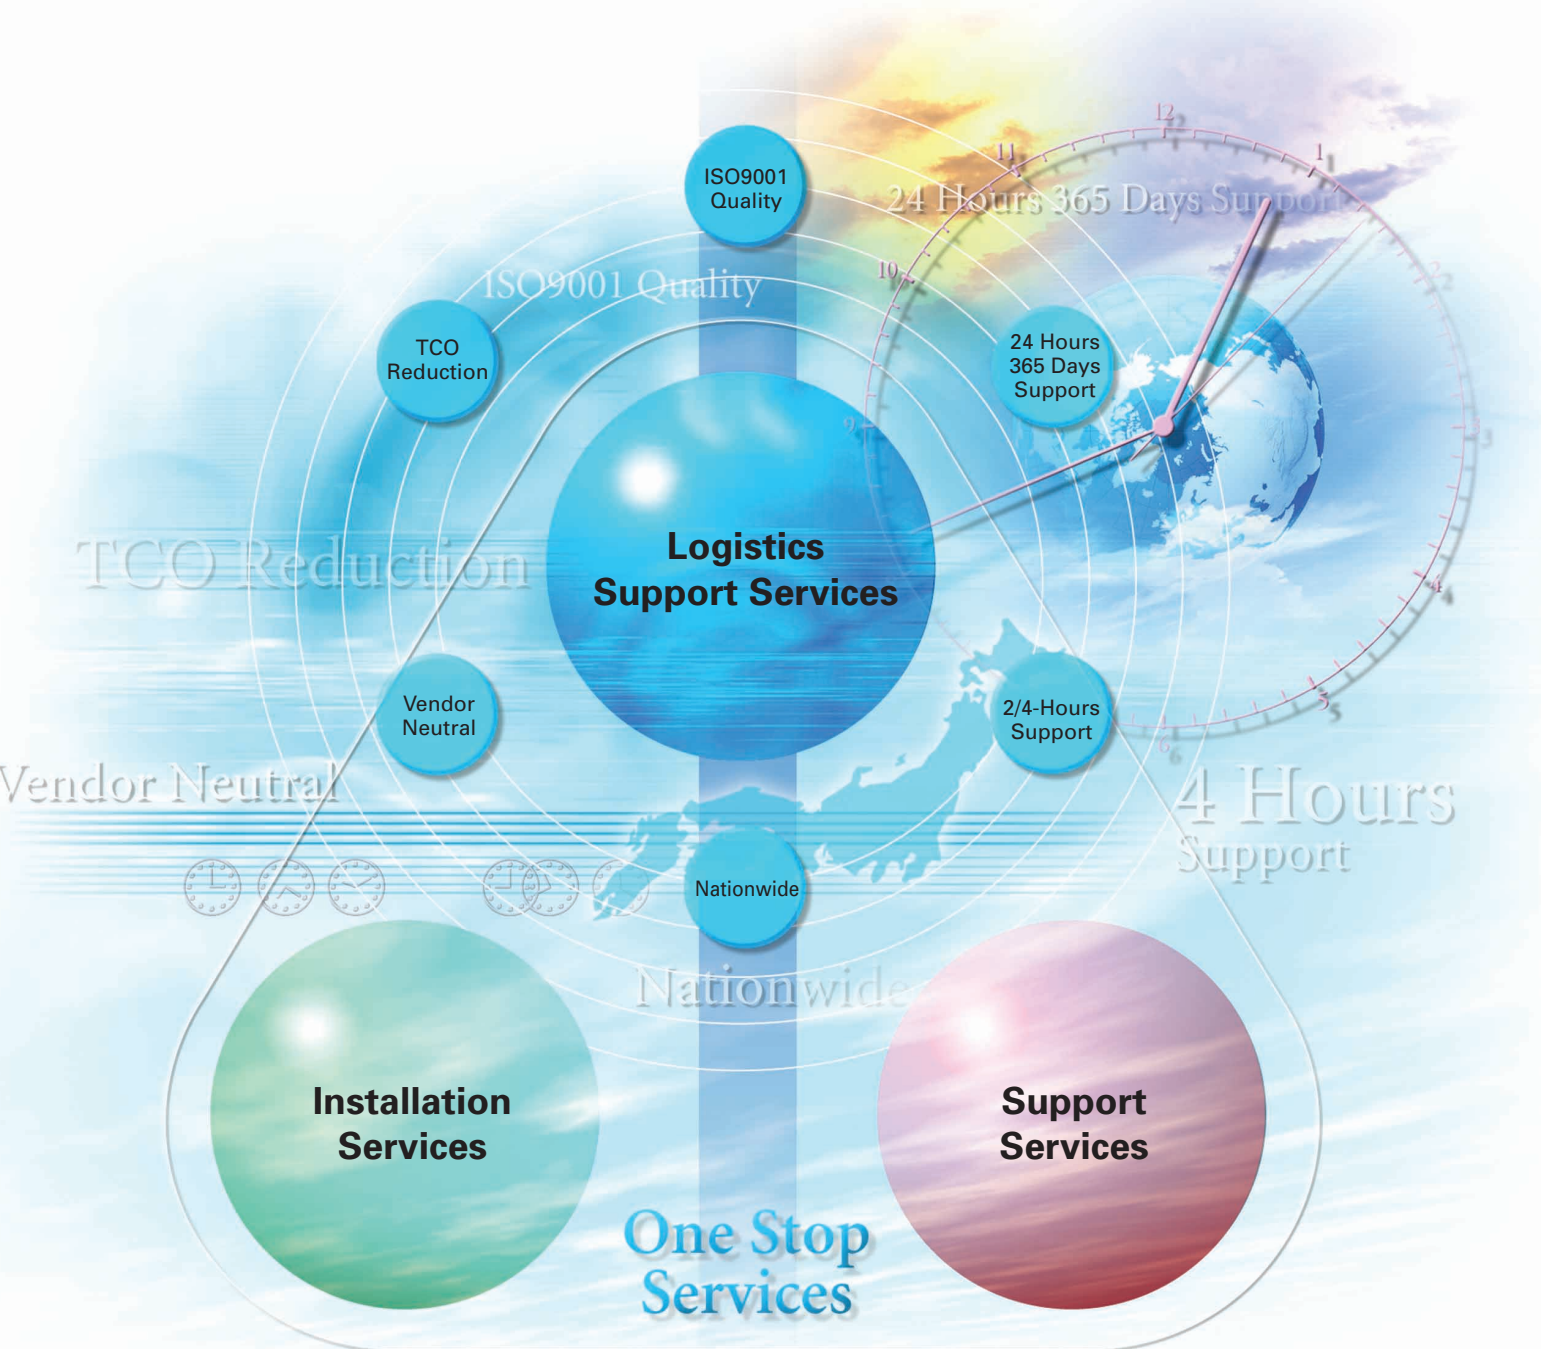

Delivers received parts to major cities
nationwide within four hours

UNIADEX

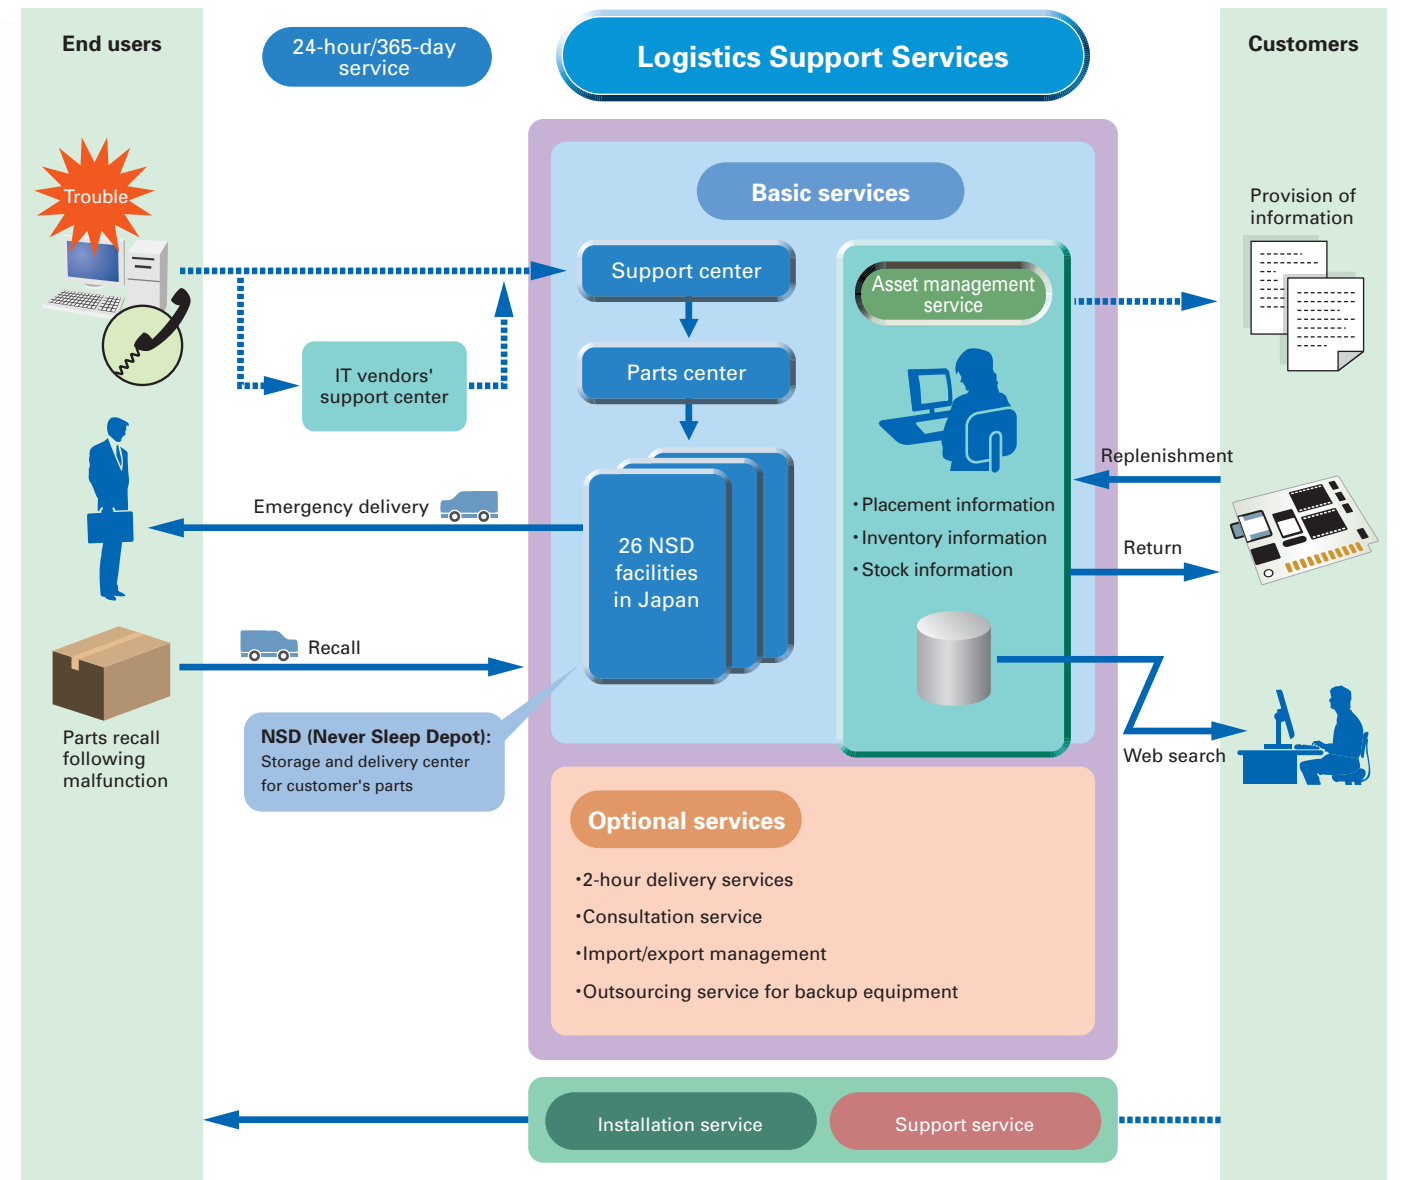

We provide a comprehensive service, including storage, delivery, recall and management tasks for computer parts 24 hours a day, 365 days a year.

1. Logistics Support Services temporarily stores maintenance parts received from customers and delivers them from one of 26 never sleep depot (NSD) facilities nationwide to specified destinations within the specified time, 24 hours a day, 365 days a year.
2. We recall parts and check stock to provide information for parts procurement and placement plans. Leave complicated part management tasks up to UNIADEx.
3. Logistics Support Services provides assured service quality that meets the international ISO9001 quality standard. Nationwide uniform quality operation provides strong support for customer business activities.

Basic Services	Parts storage & delivery	Parts storage at the nearest NSD (Never Sleep Depot), and maintenance through our asset management system. It takes only 4 hours for delivery to major cities in Japan.
	Service information	Provides such information as stock condition*, placement progress, and inventory reporting

*Storage and delivery services are provided by subcontractors.
*Inventory information can be browsed on the Web around the clock.

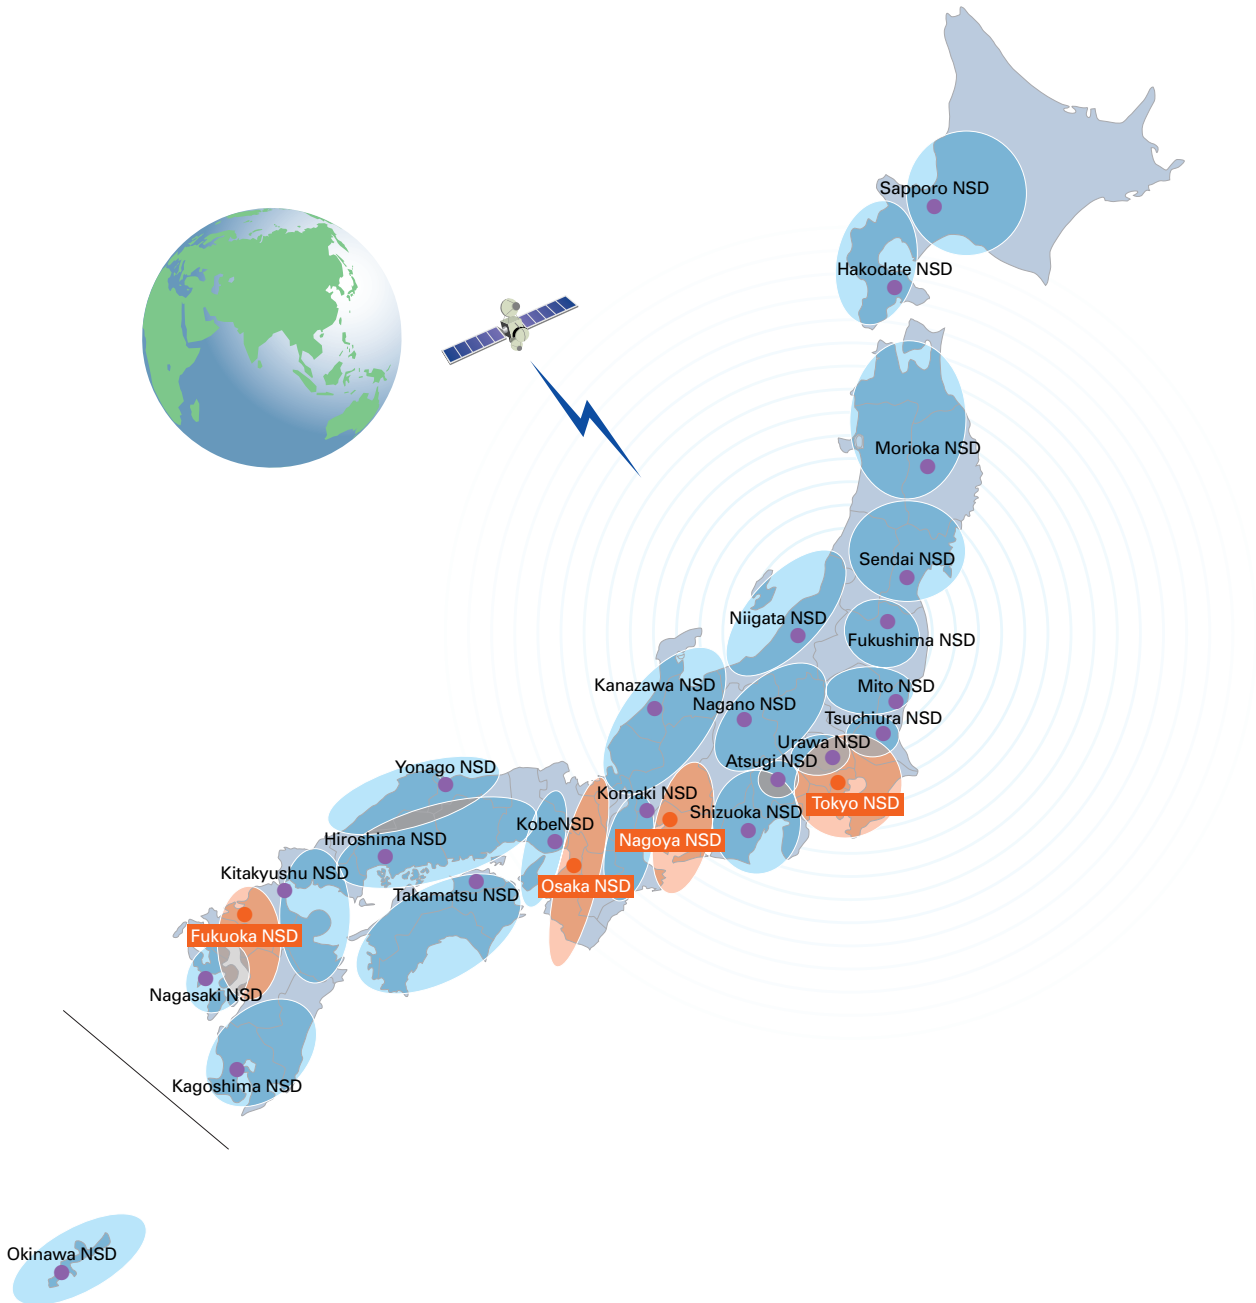

Optional services	2-hour delivery service	2-hour delivery is available in some areas of Tokyo, Osaka, Nagoya, and Fukuoka.
	Consultation service	We offer expertise on stock volume, TCO reduction, and placement/ planning.
	Import/export activity management	We receive from and return parts to customers' overseas locations.
	Outsourcing service of backup equipment operation	We deliver spare equipment and perform replacement.

Nationwide network of 26 NSD (Never Sleep Depot) facilities
